

# Emilie

La Rose  
Organic Wine

Warm-natured Emilie  
invites us to share the enjoyment.  
Everything about her exudes elegance and,  
through her flowery heart,  
Mother Nature gently  
expresses herself.

## Tasting Notes

100% Grenache

Emilie displays a lovely bright, pale-pink hue.

The nose is subtle, offering up aromas of strawberries and raspberries, complemented by some notes of grapefruit.

The wine is fresh, fruity and lively on entry to a long and luscious palate.

This is a fresh and delicate wine, perfect as an aperitif or paired with summer meals.

## Les Trois Fleurs. Naturally full of life

These creatures are born from the vegetal works of art created by Francois Maurisse, Exflorateur®.

« I feel like I am guided, I sculpt in the instantaneous moment and freeze a timeless vegetal work of art, resembling a person I may have met in my past or a character out of some fairy tale who would only need bringing to life with a few drops of rain... Magic herbs? No, just ephemeral art. »

Light, graceful, sunny...  
Petals to the wind, they come alive and seem to dance.  
With a sway of their stalks, they beckon us into their enchanting world.  
A dance at the foot of a vine, a curtsy to the nascent buds.  
We must then seize the precious moment that Mother Nature offers us.

These Herbettes have a message: an ode to freedom.  
An ode to a living, innovative, poignant Mother Nature.

For Vianney Castan, it was love at first sight.  
These flowery fairies remind him of the females in his life: Emilie, Zoé and Lilou.

They bear the colours of the first organic wine created by Joseph Castan.
